Powers Catholic High School Isolation and Quarantine Requirements
Effective 1/26/22

COVID Positive Student: If the student is COVID positive, they must isolate for 5 days from when the symptoms started. They may return on Day 6 if 1) their symptoms have improved AND 2) they are fever free without the use of medication for 24 hours. A negative test is **not** needed to return to school. *There are no options to shorten the isolation period for a positive student. Must continue wearing a mask for an additional 5 days, including at home.*

Those who cannot wear a mask for any reason, including a medical waiver, during days 6-10, cannot return to school until day 11.

Fully Vaccinated Student exposed to a COVID positive person may remain in school if:

1. They monitor for symptoms for 10 days following the exposure. If the student displays even mild symptoms of COVID-19 they must stay home and be tested.

2. They agree to properly wear a mask at school for 10 days following the exposure.

3. They agree to test on day 5, after exposure.

An Unvaccinated Student exposed to a COVID positive person may remain in school if:

1. They monitor for symptoms for 10 days following the exposure. If the student displays even mild symptoms of COVID-19 they must stay home and be tested.

2. They agree to properly wear a mask at school for 10 days following the exposure.

3. They agree to test on days 1, 3, & 5, after exposure or 3 times within 7 days.

If a student chooses not to test/wear a mask or has a medical waiver:

Student must quarantine at home, for 10 days, from the last day of exposure and monitor for any symptoms. The last day of exposure is considered “Day 0”. **The student cannot return to school, until Day 11 and must be symptom free.** No testing required.
